© www.google.com

The role of alcohol in our society has been called into question due to teenage drinking and evidence of negative effects on health.

Talk about whether you think drinking alcohol is acceptable and what factors influence consumption.

You have up to 5 minutes to prepare your talk. You can take notes or make a brief plan of what you are going to say. Talk to the examiners for about 3 – 4 minutes. You can use your notes during your talk but not read them out loud. At the end of your presentation, the examiners will ask you a couple of questions. Your production will be recorded.
